Deneyim

BilgeAdam Teknoloji
Software Engineer
Eylül 2021 - Present (10 ay)

Ericsson
Software Engineer
Ocak 2021 - Eylül 2021 (9 ay)

I worked as a software developer in a product development team that develops a product where telecom-related operations were managed. I was responsible for development and maintenance tasks of a .NET based project and web services. I also supported for some developments on Dynamics CRM side.

Caretta
3 yıl 2 ay
Software Engineer
Ağustos 2018 - Aralık 2020 (2 yıl 5 ay)
İstanbul Türkiye

I worked as software development specialist in a software development team that develops a product for pharmaceutical companies. I was responsible for development of intended modules for the product, generating stored procedures from the database-side to handle business logic and maintenance of ETL process which is run through a Windows Service.

Assistant Software Engineer
Şubat 2018 - Ağustos 2018 (7 ay)
İstanbul, Turkey

I worked as a software assistant specialist in the company. I was responsible for supporting development processes for some projects.

Software Intern

Kasım 2017 - Ocak 2018 (3 ay)

Istanbul, Turkey

I worked as an intern and had training about ASP.NET MVC and Dynamics CRM 365 platform.

L'Oréal

Software Engineer

Aralık 2018 - Eylül 2019 (10 ay)

Istanbul

I worked as a software development specialist to support L'Oréal's internal projects. Requested modules from departments are developed on Dynamics 365 CRM platform. I was responsible for development processes on Dynamics 365 CRM including system designing, form customizations, solution management, custom page integrations and plugin-workflow development

Asseco South Eastern Europe

Software Intern

Temmuz 2015 - Ağustos 2015 (2 ay)

Yıldız Teknik Üniversitesi Davutpaşa Kampüsü Teknopark

I worked as an intern and had training about ASP.NET Web Forms and some front-end development basics. Developed an internship project with these technologies.
